XEROX

Xerox Reproduction Centers

That Xerox has a customer care program to aid customers who:

- ☐ Inadvertently *run out* of supplies?
- ☐ Need *additional* supplies for special jobs?
- ☐ Require *special* supplies not normally stocked?
- ☐ Need *emergency* supplies to meet deadlines?
- ☐ Require only *smallest unit* supply purchases?

That's right! Besides the "regular" and "special" ordering procedures (available through Xerox Regional Distribution Centers) there is yet another emergency source—the Xerox Reproduction Centers.

All XRCs across the country stock upwards of sixty-five supply items to meet these emergency needs: *on an "Across-the-counter" purchase basis.*

For example, XRC "Emergency Supply Items" include:

- ☐ 17 types of Xerox toners (plus fuser oil and vapor fusing fluid)
- ☐ 12 types of Xerox papers (plus IBM roll paper and XRD typing originals)
- ☐ 5 types of overhead transparencies (plus projection frames to mount them)
- ☐ 4 types of mailing labels (plus typing matrices and document carriers)
- ☐ And many, miscellaneous items (from correction fluids to Color Creation Kits)

Even Xerox Office Products Division (OPD) and Cheshire Items:

- ☐ Ribbons, magnetic tapes, cards and floppy disks as well as print wheels for OPD's 800 and 850 typing systems.
- ☐ Binding tapes, cover stocks, and address labels and lister cards for Cheshire 730 and 750 mailing and binding equipment.

Yes, approximately 70 supply items in all!

For a complete itemized listing of all **Emergency Supply Items** see below. To order please contact your local XRC listed on the reverse side of this flyer.

Do it today—before the emergency gets here! Sooner or later, you (or your boss) will be glad you did . . .
